

1700 Manual Dispenser

GENERAL DESCRIPTION:

Made of heavy-duty plastic and translucent backplate for easy viewing of soap level. Easy to load cartridges. Activations per cartridge range from 1700 up to 4250, depending on product. Meets ADA guidelines.

APPLICATIONS:

- Dispenses Dial® 1700/Duo hand soap or sanitizer cartridges
- Perfect for any commercial setting, including healthcare facilities, schools, offices, restaurants, daycares and more

TYPICAL PROPERTIES:

Appearance Pearl or Smoke

DIRECTIONS:

Unlocking & Locking Dispenser: Insert the two-pronged key into the slot at the top of the dispenser and gently push downward, releasing the cover from the backplate. The dispenser will automatically lock when closed.

Inserting Cartridge: Remove overcap, align the tip and insert refill at a slight angle into the dispenser so that the nozzle is inside the index block. Push refill into place until flush against backplate and the bottle neck clips into engine clamp. Close cover to lock the dispenser.

Dispenser Use: Prime refill pump by depressing the push button several times until the product is dispensed.

MOUNTING:

Dispenser can be wall mounted using either self-adhesive tape or screws and anchors. Recommended clearance: 3 inches on top and 8 inches on bottom.

MAINTENANCE and CLEANING:

Observe soap/sanitizer level through translucent backplate. When cartridge is completely evacuated, remove and replace with new cartridge. Using a clean cloth or sponge, simply wipe the surface of dispenser with a non-abrasive cleaner. Make sure you clean the back of the push bar to prevent soap build up.
